LU-LCA Scholarship Program at Liberty University Updated Policy - Effective 9/1/15

After reviewing the local high school affiliate scholarship programs, Liberty University has made the following changes to the programs effective September 1, 2015:

1) No LU-LCA scholarships will be awarded to students who enroll or reenroll after breaking enrollment at LCA after September 1, 2015, by virtue of attending and graduating from LCA. Such students will be eligible for Liberty University funded institutional aid and scholarships, and federal and state financial aid, on the same basis as other Liberty University applicants and students.

2) Liberty University will award scholarships to all LCA seniors graduating in May 2016, for fall 2016, enrollment at Liberty University according to the scholarship plans as they existed on August 31, 2015.

3) Liberty University will award scholarships under the 25%/50%/75%/100% scholarship plan to all LCA students who were enrolled at LCA prior to January 24, 2012, and who graduate from LCA in May 2017 and thereafter. This award is based on the number of grade years a student completes in high school at LCA before graduation from LCA. It is a 25% scholarship for remaining tuition costs (after subtracting other non-loan financial aid) per grade of high school the student completes at LCA (four years = 100%; three years = 75%; two years = 50%; one year = 25%). The scholarship percentage is applied to tuition costs after subtracting the Federal Pell Grant, Federal SEOG, and the VTAG awards from the tuition total.

4) For those students who enrolled in LCA from January 24, 2012, to September 1, 2015, Liberty University will award scholarships under the 10%-per-year scholarships plan for each year of enrollment completed between January 24, 2012, and May 2016, (up to a maximum of 50%), with two additional options, one stackable and one non-stackable. This award is based on the number of grade years a student completes at LCA before graduation from LCA. For every grade year a student completes by May of 2016 at LCA, from kindergarten through 12th grade, the student earns a scholarship award of 10%, not to exceed 50%. With the stackable option, this award is 10% of the tuition total. With the non-stackable option, this award is 10% of remaining tuition costs (after subtracting other non-loan financial aid). The options are awardable as follows:
