**DOCUMENTATION NAVIGATION**

**Purpose:**

Describe different levels of permissions based on Type of access necessary

**Access?Permission? Levels** (most to least open)

- Public
- Student
- Staff
- Faculty
- Admin

**Page Visibility per Access Permission Level\***

Access Permissions	Permission Group	Permission level	Permissions Notes:
Drafts and Obsolete folders	Confluence Admin	Restricted - Admin	Manage ALL Create & Edit ALL Including Drafts & Retired
Staff, Student and Public policies	LU Staff - departments	Restricted - named users	View Only
Faculty	Provost Only	Restricted - named users	View Only
Student and Public policies	Student	Logged in, not restricted	View Only
Public policies ONLY	Public	Anonymous	View Only

\*Least restrictive Access Permission level is set to active policy page

\*\*all drafts are set to Confluence-Space admins only

**Applying different levels of permissions**

Re-define permissions [here](#)

**Anonymous Access**

granting access to users who are not logged in (public)?

**Groups**

granting access to non-anonymous (named) users?

**Individual Users**

granting permissions to Provost / Drafts / obsolete folders
